GOL Reviews Financial Outlook

São Paulo, February 28, 2019 - GOL Linhas Aéreas Inteligentes S.A. (“GOL” or “Company”), (NYSE: GOL and B3: GOLL4), Brazil’s #1 airline, reviews its financial outlook for 2019 and 2020. Guidance is adjusted to reflect recent variations in oil prices, reduction in taxes on jet fuel, the appreciation of the BRL versus the USD and the results of the acceleration of 737 MAX aircraft into the GOL fleet.

The Company’s guidance highlights key metrics which impact financial results and drive long-term shareholder value. GOL provides forward-looking information that is focused on the main metrics the Company uses to measure business performance. These indicators are useful for investors and analysts who project GOL’s results. The Company is providing financial projections in IFRS 16.

Non-GAAP Measures

To be consistent with industry practice, we disclose so-called non-GAAP financial measures which are not recognized under IFRS or U.S. GAAP, including "Net Debt", "Adjusted Net Debt", "total liquidity", "EBITDA" and EBITDAR". Our management believes that disclosure of non-GAAP measures provides useful information to investors, financial analysts and the public in their review of our operating performance and their comparison of our operating performance to the operating performance of other companies in the same industry and other industries. However, these non-GAAP items do not have standardized meanings and may not be directly comparable to similarly-titled items adopted by other companies. Potential investors should not rely on information not recognized under IFRS as a substitute for the GAAP measures of earnings or liquidity in making an investment decision.
